Subject: Follow up humble request for helping to publish *The Republic Re-engineered* (~1700 pages, 500,000 words) authored by the undersigned, and other related requests.

Your Excellency,

Assalamualaikum. With due honor I like to state that this letter is a humble follow up of my all the relevant correspondences (with you and your predecessors) since 1995. This letter has been meant to include the following humble requests/notes (to your esteemed office):

- (i) If you do not want to do anything else (for now) to promote my subject mammoth work, please at least pay off \$7,400 (U.S.) to Dorrance Publishing Company, Inc. They want this payment (as editing cost/author fees) to publish my *The Republic Re-engineered* (on my behalf). A copy of this letter has been sent to them also (at their address listed on page-4 of this letter).
- (ii) If you want to do more, then kindly review my previous correspondence (, starting the most recent ones,) and the Preface of the *The Republic Re-engineered*.
- (iii) I am desperate/fearless because I am confident that I intend no injustice/repression to anyone—my (honest/sincere) mission is for peace (/reconciliation/reciprocation) at every level.

Before closing for now, I pray to Allah SWT to shower His Mercy on those who sacrificed their lives and/or belongings in the struggles for removing tyranny from any place on earth. I also pray to Allah SWT to extend His Grace on those who used (/are using) their resources (in the struggles) for making progress toward a just society by which efforts such as (mine) these could be made without fear. Finally, with my prayer (to Allah SWT) for your good health, high Islamic spirit, and long prosperous life, I intend to close for now. May Allah SWT give us tawfiq—wama tawfiqullah illa Billah. Jazakumullahu khairan. Thank you very much and best regards.

Yours truly,

² With a humble request to download my file: **AKK-TheRepublicRe-engineered18b-Nov2017.pdf, etc.** from the websites listed at the end of this letter (such as: **Researchgate.net, LinkedIn.com, Academia.edu, etc.**), and to expose/correct those who have repressed/plagiarized/used (without even acknowledgement) my ideas (such as male/female quota system in medical college admission etc. proposed by me in 1995).

³ It is my humble reminder that my work is based on my sincere/honest intention to secure the patriotic sacrifice/legacy of great persons like Bangabandhu. I believe secular/atheistic/corrupt politics (of domination/looting) will ruin/sully such devoted legacies. I am very disappointed by not getting any response of my letter of April 02, 2017 (and of my updated follow up of Oct. 08, 2017). My letdown would have been less if Hon. Sheikh Hasina was just a P. M. (and not a daughter of Bangabandhu also). If this bottleneck is caused by the mean-minded/unwise agents of India/Pakistan/USA/monarchs, then I want to challenge them to point out anything in my *The Republic Re-engineered* which is anti-thesis of peace at any level. I believe if Bangabandhu was alive today, he would have kissed my *The Republic Re-engineered* with his great emotion/courage of love—and nobody could have de-railed him.

⁴ As a gesture to resolve the issues with the Muslim (majority) domains within P. R. China and examine their related prospects. It is possible that some non-Muslim countries will be able to grasp the (universal) benefits of my work before Muslim countries do. In addition, any person/group is welcome to come forward for helping (/promoting) me in my (this) struggle (/my works) for human excellence.
